

LA1421

Dual 10-inch Line Array Full-range Speaker

Description

The LA1421 Dual 10-inch Line Array Full-range Speaker is a high-end, high-quality passive line array speaker that delivers exceptional sound performance. Equipped with two 10-inch bass drivers and one 3-inch treble driver, it provides a frequency response range of 60Hz to 20kHz, ensuring clear and detailed sound reproduction. Its constant directivity horn speaker design ensures undistorted waveform output, while the high sensitivity and high sound pressure level (SPL) make it easy to install and achieve powerful sound projection. With its excellent radiation characteristics, the LA1421 delivers a rich, immersive audio experience that is perfect for large venues and outdoor events.

Features

- High-end high-quality medium and high-frequency passive line array speaker;
- The treble is installed on the horn speaker with constant directivity, which can produce undistorted waveform;
- With excellent radiation characteristics, clear and delicate sound, and strong sound penetration.
- With high sensitivity, high SPL and easy to install
- An included angle of 0-20 degrees is adjustable between the speaker boxes.

Specifications

Model	LA1421
Drive Unit	10" Bass×2, 3" Treble×1
Frequency Response	60Hz– 20kHz
Sensitivity (1m/ 1W)	103±2 dB

Max. SPL	131±2 dB
Rated Power	600W (AES)
Rated Impedance	8Ω
Directivity (H×V)	120°×20°
Color	Black
Dimension (W×D×H)	780mm×474mm×306mm
Weight	26kg
